

Hawaii Teamsters Health and Welfare Trust Fund PPO Plan

Welcome to OptumRx! Most importantly, welcome to the Central Fill Program!

CENTRAL FILL PROGRAM

If you need to obtain a long-term or maintenance prescription drug that you take regularly, you will fill your prescription through the Central Fill program. Under the Central Fill program, you will fill your long-term prescriptions from any Central Fill pharmacy by following the steps below:

Step 1: Go to the nearest Central Fill pharmacy and present your prescription identification card.

Step 2: If this is the first time you are taking this drug or dosage of this drug, the pharmacist will fill your prescription for 15 days and you will pay the following co-payment:

15-day Supply Limit (Initial Fill)

Generic Drugs, Insulin, Diabetic Supplies: \$5

Brand Name Drugs: \$15

Step 3: If you and your doctor decide to continue to use this drug, you may obtain a refill for up to a 60-day supply. Please have your doctor write the prescription for a 60-day supply per fill. Call the pharmacy refill phone number listed on your prescription at least three (3) days before your prescription supply runs out and request a refill.

Step 4: Go to the Central Fill pharmacy you called and pick up your prescription refill for a 60-day supply and pay the following co-payment:

60-day supply Limit (Refills)

Generic Drugs, Insulin, Diabetic Supplies: \$8

Brand Name Drugs: \$24

MAIL ORDER

If you have already obtained the 15-day initial fill on any new prescription and the prescription is now a maintenance medication (taken on a regular basis), you are welcome to obtain your medications by mail order.

60-Day Supply limit (Refills)

Generic Drugs, Insulin, Diabetic Supplies: \$8

Brand Name Drugs: \$24

Questions?

**Please contact OptumRx National Help Desk at 888.869.4600
(available 24 hours a day, 7 days a week, Toll Free)**

Generic Medications

Five things you need to know

1 What is a generic medication?

Generic medications are generic versions of brand-name medications. A generic medication contains the same active ingredient(s) as a brand medication. An active ingredient is what makes the medication work. For example, Lipitor and its generic both contain atorvastatin, which reduces the amount of bad cholesterol. Brand-name medications are often protected by a patent. When the patent ends, drug companies can apply to the U.S. Food and Drug Administration (FDA) to begin making generic versions of the brand-name medication.

2 Will a generic medication work the same as the brand?

Yes. Generics are copies of brand-name medications that have been tested and approved by the FDA. Drug manufacturers must prove their generic medications are the same as the brand-name medication, including:

- What it treats
- The way it is taken
- How well it works

3 Could a generic medication look different than the brand?

Yes. Generic medications may have a different shape or color than the brand. They may contain other ingredients, such as dyes and fillers, which give a medication its color and size. The shape or color does not affect how the medication works.

4

Can I save money by using a generic medication?

Most of the time a generic medication costs less than the brand. However, there may be times when the cost for a generic medication is higher than the brand-name medication. The easiest way to compare brand and generic medication costs is to visit **optumrx.com**.

5

How can I get a generic medication?

Talk to your doctor to find out if generic options are available for medications you currently take. When your doctor prescribes a new medication, ask if any generics are available. Most retail and mail service pharmacies automatically give you a generic medication if it is available. If they don't, be sure to tell your pharmacist you prefer to receive generic medications whenever possible.

You can also visit **optumrx.com** to find out if your medication has a generic available that costs less than your current prescription. Log into your member account and click on **Drug Pricing** to find out if a generic medication is available.

The screenshot shows the OptumRx website interface for user Ethel Johnson. At the top, there are navigation links: Home | Log Out | Ethel Johnson | My Messages (0) | My Cart (0). Below this is a main navigation bar with links: My Prescriptions | My Account | Order Medical Supplies | Health Store | Specialty Pharmacy | Health Tools | Customer Service | What's New. A secondary navigation bar includes: My Medicine Cabinet | Hassle-Free Fill | Renew Prescriptions | Transfer Prescriptions | Fill New Prescriptions | Order Status | Claim History.

The main content area is titled 'Welcome Ethel Johnson'. It features a 'View Accounts' section with a dropdown menu showing 'ETHEL JOHNSON'. Below this is a 'Prescriptions' section with a 'Quick View' button and a calendar for August 2014. The calendar highlights the 11th. To the right of the calendar are three buttons: 'REFILL Refill Prescriptions (0)', 'RENEW Renew Expired Prescriptions (0)', and 'ORDER Order Status'. A note below these buttons states: 'NOTE: When you give another person access to your account, they will be able to see information about you and your prescriptions. You should be careful about who you choose to have access to this information. You may also wish to review your choice of "caregiver" or "Account Manager" on a regular basis by selecting "My Account Manager".'

On the right side of the page, there is a search bar, a 'Cart (0) \$0.00' indicator, and a list of navigation options: 'Drug Pricing' (highlighted with an orange box and an orange arrow), 'Drug Lookup', 'Formulary', 'Real Time Benefits', and 'Locate a Pharmacy'. The 'Locate a Pharmacy' section includes a 'Enter Zip Code' field and a 'GO »' button.

OptumRx specializes in the delivery, clinical management and affordability of prescription medications and consumer health products. We are an OptumTM company — a leading provider of integrated health services. Learn more at **optum.com**.

All OptumTM trademarks and logos are owned by Optum, Inc. All other brand or product names are trademarks or registered marks of their respective owners.
