A. In Vitro Fertilization Benefits

The “In Vitro Fertilization” benefits on page 42 of your Summary Plan Description dated May 2007, has been updated to include the following language:

**In Vitro Fertilization**

“Only beneficiaries who have been covered under the Comprehensive Medical Plan for twelve (12) consecutive months preceding the in vitro fertilization procedure are eligible for benefits.” . . .

*[All other language in this section remains unchanged]*

B. Mental Illness and Drug or Alcohol Dependence

Effective January 1, 2009, Licensed Mental Health Counselors will be added as an eligible provider for “Mental Illness and Drug or Alcohol Dependence” benefits.

C. Immunization Agents from Pharmacies

Effective immediately, a number of community physicians will no longer stock immunization vaccines at their offices. Your physician may request that you pick up these immunization vaccines at the pharmacy and bring them to the physicians’ office for administration of the vaccine.

To limit your up-front costs, HMA has contracted with Longs Drugs pharmacies (statewide) to be a participating medical provider under the Comprehensive Medical Plan for the obtaining immunization vaccines. This is a separate benefit from your prescription drug plan. Under this special arrangement, Longs Drugs will submit the claims for immunization vaccines directly to HMA for reimbursement at the participating provider benefit level of 80% of Eligible Charges. Your copayment to Longs Drugs will be 20% of the Eligible Charge.

If your physician requests that you to pick up your immunization vaccine from the pharmacy:

1. Have your doctor call any Longs Drugs pharmacy statewide to order your immunization.
2. Go to Longs Drugs to pick up your immunization vaccine. (Notify the pharmacist that you are a Hawaii Teamsters Health and Welfare Trust member to make certain that you are charged the proper copayment).
3. When you pick up your immunization vaccine from a Longs Drugs pharmacy, your copayment will be 20% of the Eligible Charge for the vaccine.

#### **For Non-Participating Pharmacies**

1. Have your doctor call the pharmacy to order your immunization.
2. You will be responsible for the entire cost of the vaccine at the time of purchase.
3. Submit your claim form and receipt to HMA within 90 days from the date of purchase for reimbursement at 80% of Eligible Charges. (Your portion of the payment will be 20% of the Eligible Charges plus any difference between the actual and eligible charge)

***If you use a Longs Drugs pharmacy to obtain your immunization agents, you will limit your out-of-pocket and up-front costs.***
