TO: All OTS Retirees and Spouses Enrolled in
HMSA 65C Plus

FROM: Board of Trustees

SUBJECT: Medicare Drug (Part D) for Medicare Retirees and Spouses Covered
Under HMSA 65C Plus

At their meeting on May 5, 2006 the Trustees adopted the following policies regarding retirees and spouses covered under the HMSA standard Medicare part D plan (SRx) with the Fund's self-funded supplemental drug plan for the Fund's Medicare Retirees and spouses covered under HMSA 65C Plus.

- A Retiree cannot be enrolled in the Teamsters Health and Welfare Trust's Medicare Drug program and be enrolled in a Medicare subsidized drug plan or another Medicare Part D drug plan; the Retiree must choose one plan to enroll in.
- A Retiree with Medicaid is not eligible for the Teamsters Health and Welfare Trust's Medicare Supplemental Medical or Drug coverage while covered by Medicaid. However, should you lose your Medicaid coverage you will be eligible to re-enroll within 30 days from the date your Medicaid coverage ended.
- A Retiree who qualifies for Medicare Drug Limited Income Subsidy is not eligible for the Teamsters Health and Welfare Trust's Medicare Drug program, however the retiree may be reimbursed by the Fund for any unsubsidized drug premium on a quarterly basis, up to the Medicare Part D monthly premium currently at \$22.46.

Should you have any questions or need assistance with your coverage or enrollment please contact the Trust's office at 523-0199.
